## Errata

We wish to correct the following errors that appeared in the 1977 – 1978 issue of the journal.

Ralph Morris's article on page 7 should have been titled "Methods for collection of sea-bird breeding data" not "Methods for collection of sea-breeding data".

Hans Boos's article on page 46 should read "Survival of *Anolis extremus* Garman on Huevos Island" not Survival of *Anolis extremus garman* on Huevos Island" also, in the first paragraph, German should read Garman.
